Case Studies

Attainment

Tia started at Educ8 in 2022 when she was in Year 10 and attended regularly. She has taken part in targeted learning using the ForSkills platform to improve her functional skills and passed her Level 1 Maths and English at the end of the academic year. Now in Year 11 she is working hard towards achieving Level 2 Maths and English.

Attendance

Farris started with Educ8 after being excluded from school. This was related to his behaviour and a lack of engagement. Farris has an EHCP. His attendance at school was 81%. Farris engaged with our Sport programme and we initially set him an attendance target of 85%. In his second academic year with us Farris achieved an attendance of 100%.

Progression

Morgan started with Educ8 in October 2020 with a history of poor behaviour and attendance. He was enrolled on all of the courses we had to offer. We kept in close contact with Morgans' Mum to ensure attendance was maintained and any barriers were removed. Morgan completed Year 11 in 2023 with a record number of certificates including Functional Skills Maths and English at Level 1, BTEC Public Service Level 1 Certificate, BTEC Sport Level 1 Diploma and a BTEC Science Level 1 Award. Morgan has now moved on to Youth Education Project Leicester studying motor vehicles.

Retention

Luke started with us 2 years ago in Yr 9 on a flexible timetable 1 day per week. The number of days he attends has increased to 3 as initially he felt overwhelmed. He now comments that he feels safe in our school. He will be working towards four different qualifications throughout year 11 with us.
