Case Studies

Attainment

Paige started with us in September '23 with a baseline assessment of Entry Level for Maths and English. After identifying areas of development and providing her with extra support she completed and passed Level 1 English and Entry 3 Maths.

Attendance

Tommy started at Educ8 with a school attendance of 45%. He engaged with our Btec Sport programme largely due to the rapport created by the tutors. Good behaviour was rewarded with our REACH reward system and poor choices were challenged. He finished the academic year with an attendance of 93%.

Progression

Hayden started at Educ8 in January '23 and obtained 4 qualifications including Functional Skills, Science and Sport. Hayden took part in our 'Life After School' programme with the support of STARS Charity boosting his readiness for employment skills. Hayden applied for the role of Apprentice Teaching Assistant with Educ8 and started his new position in September '23.

Retention

Stuart started with us two days per week, however certain factors from within the course weren't working for him, and a placement review took place. It was decided to offer Stuart an engagement only placement, one day per week, for the remainder of the academic year. Stuart gradually built relationships with the tutors and began to engage in the course. He has returned this academic year and is working towards three different qualifications.
