Case Studies

Attainment

Riley started at Educ8 and showed a lot of promise. His baseline assessments came back with scores at Entry Level. However, by the end of his time at Educ8 in June 2024, Riley achieved his functional skills level 1 in both Maths and English.

Attendance

Mark came to Educ8 after barely being at school the previous year due to issues at home. However, with support from ourselves and his key worker, Mark ended the academic year with 96% attendance and his timekeeping was a staggering 98%.

Progression

Farris started at Educ8 when he was in year 9. His behaviour was the reason why school moved him to us, but by the time he left us in year 11, he completely changed his fortunes. When he left, he had a diploma in sport, level 1 in Maths, level 2 in English, a certificate in Applied Science and an award in Business. Farris has gone on to college to complete his Level 2 diploma in Sport.

Retention

Declan first came to Educ8 and at times struggled with his work ethic when it came to completing work. Declan soon started to enjoy the work and started to try in his lessons. As Declan was in year 10, we aimed for him to work towards a diploma in sport and certificates in his other subjects. Declan is on track to get his diploma in sport and certificates in other subjects. He will also complete his Maths and English level 1 functional skills exam at the end of the academic year.
